

2023-2024 Regular Season Discounts

SAVE BIG:

BOGO, Multi-Event, Multi-Team, Canadian

BOGO (*Excludes Nashville, expires December 1, 2023*). Two road trip events

Applications and payment for both events must be submitted no later than 60 days before the 1st event, all BOGO applications must be submitted by December 1.

Enter two tournaments both requiring a hotel stay for your entire team in a hotel selected from our website and booked through our hotel booking system. Each team must book a minimum of 15 rooms per night, (30 room nights total) per event to qualify. This does not mean that if you have a team of 18 distinct families, requiring 18 rooms that you only need to book 15 rooms and 3 families can book their rooms through other means. All 18 families must book their rooms through our hotel booking process.

If you are short rooms to qualify, you may add relatives or other guests in your party to your rooming list through our hotel reservation system. If you do not have enough rooms to qualify for a BOGO, do not choose this discount.

You will be charged full price for the higher priced event and a \$700 compliance fee PLUS \$250 processing fee for a total up front cost of \$950 for your second tournament. At the conclusion of the first tournament, we will receive a hotel report indicating if your team met the 15 room/night minimum. If your team does not meet the requirement, you will receive an email indicating your compliance fee and processing fee have been forfeited and you must pay the balance due for the second tournament. At the conclusion of the second tournament we will receive a hotel report indicating if your team met the 15 room night minimum, if so you will receive an email indicating you will receive a rebate in the amount of \$700 sent to the address on your application. If the second hotel report indicates your team did not meet the minimum requirement you will receive an email indicating your compliance fee and processing fee have been forfeited AND you will be required to pay the remainder of the full entry fee for the second event within 5 business days.

You must choose both events on your first application by choosing a second tournament in the "Discount Processing" section of your application. Your second tournament application will automatically generate along with a team list, roster, and a partially completed rooming list when those forms are submitted. You will need to open the rooming list for the second event and make your hotel selections. If any information you've submitted changes prior to the second event AFTER your hotel has been assigned for that event, you will need to notify us with the changes and we will update the data.

If after your first event you have not met the required number of rooms, you will be required to adjust your second event application.

No other discounts are eligible to be added to the BOGO discount.
